

Pepperell Elementary School Improvement Goals 2008-2009

SACS School Improvement Goals:

- To help students improve the skills which are necessary for the successful expansion and integration of knowledge across disciplines
- To help students improve their ability to independently reflect on, appropriately manage, and work toward the advancement of their own learning skills
- To help students improve their thinking and reasoning skills in mathematics by increasing their ability to select appropriate operations for a given word problem, solve one-, two-, or three-step problems, and employ problem solving strategies
- To help students demonstrate personal and social responsibility by attending school regularly
-

AYP Academic Achievement Objectives

- To have 73.3% or higher of 4th and 5th grade students in each subgroup score at or above grade level on the Spring 2009 CRCT Reading/ELA test
- To have 59.5% or higher of 4th and 5th grade students in each subgroup score at or above grade level on the Spring 2009 CRCT math test
- To keep the percentage of students who are absent from school 15 or more days to 5% or less

Public Relations and Customer Service Goals:

- To continue to provide a friendly and welcoming atmosphere
- To promote internal communication
- To promote external communication
- To promote parent and community involvement

Together the Best - Celebrating Ten Years
